Together with the help of the Indo-Canadian community, media and businesses, the Mamta Foundation of Canada held a fundraising dinner on April 30th, 2010. This event was organized to raise funds to support the construction of an Ashram building called "Unique Home" for abandoned, unwanted and orphan girls in Jalandhar City, Punjab, India. This Ashram is run by Bhai Ghanayya Ji Charitable Trust (Regd.) Punjab.

The Mamta Foundation of Canada has a target to raise and send a total of 3.5 million rupees to India for this project. Thus far with support from the community, this organization sent 1.7 million (17 Lakh) rupees in the year 2010. In order to maintain full transparency with the public, an official website has also been launched by this organization. As promised to donors, in order to provide full accountability for their donation money, the Mamta Foundation of Canada has posted on this website: a list of all donors' names, total donations received, and all expenditures made by the organization. A copy of the bank draft and the letter received from "Bhai Ghanayya Ji Charitable Trust" to confirm that they have received all donation money, is also posted on this website.

**Once again we request the community, media and businesses to support this great cause.
